Peter & Kim welcomes new partner Elodie Dulac in Singapore

Peter & Kim is pleased to announce that internationally recognised arbitration specialist, Elodie Dulac, will join the firm as a Partner in its Singapore office effective from 2 June 2026.

Elodie has been based in Singapore for 20 years and joins from King & Spalding where she had been for over 15 years. She brings extensive experience as counsel in commercial arbitration and investment treaty arbitrations across the Asia-Pacific region and beyond with particular expertise in disputes in the energy sector. In addition to her work as counsel, Elodie sits regularly as an arbitrator.

Elodie is admitted to practise in England & Wales (Solicitor-Advocate), Paris, France (Avocate) and Cambodia (Foreign Lawyer). She is a Registered Foreign Lawyer before the Singapore International Commercial Court. She is a Singapore representative on the ICC Commission on Arbitration and ADR and a Vice Chair of the Inter-Pacific Bar Association.

Elodie has been ranked as a leading lawyer for international arbitration in Chambers Asia-Pacific 2026, Legal 500 2026, Legal 500 Arbitration Powerlist – Southeast Asia 2025 and Who's Who Legal/Lexology Index 2026, and has received accolades for her "*command of investment treaty arbitration and commercial arbitration across Asia [which] is unmatched*" (Legal500 2026).

The appointment reflects Peter & Kim's continued investment in its global commercial and investment arbitration capability and a further strengthening of its capacity in Asia following the recent partner appointments of Saemee Kim and Hyunyang Koo in the Seoul office.

Elodie is well-placed to support the firm's bridge between Europe and Asia in commercial and investment arbitrations. As a Singapore-based French practitioner, Elodie has a strong track record handling disputes spanning Europe and Asia-Pacific across various industry sectors. Elodie has particularly deep experience of African energy disputes in which she has acted for both Asia-Pacific and European clients alike, strengthening the firm's geographical capabilities in this expanding sector.
